

ABOUT VOION

Voion Printing Group

Established in 1996, Voion Printing Group is headquartered in Dongguan, Guangdong. We are a leading print and packaging company providing one-stop packaging services. Voion delivers integrated solutions for consumer product packaging, eco-friendly logistics and intelligent IoT.

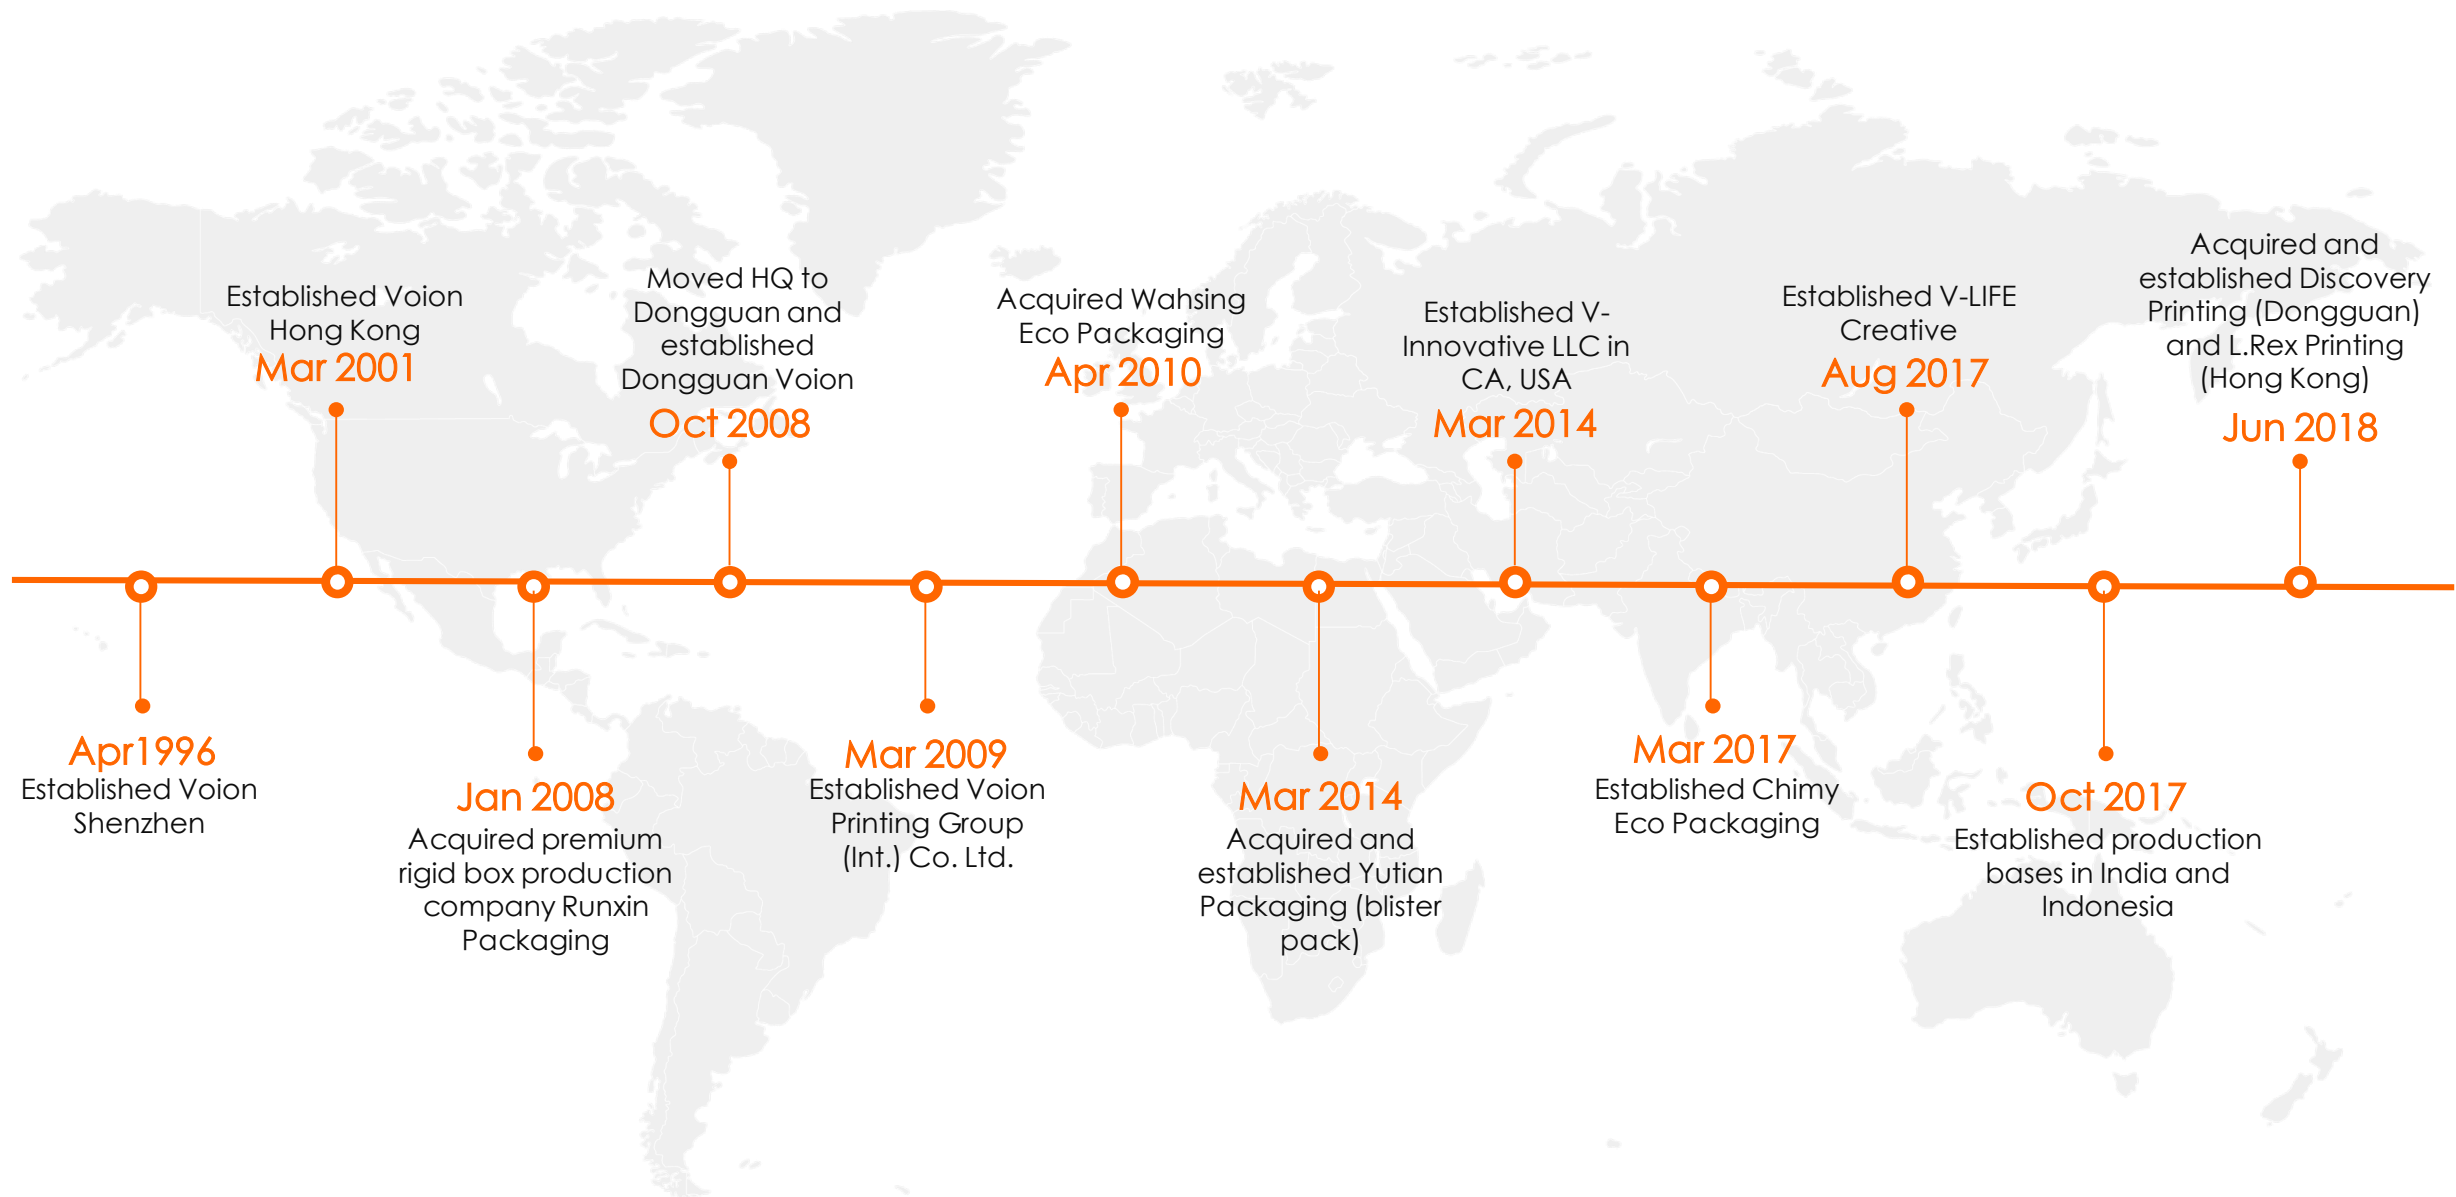

Global but Local

Voion aims to provide "Global but Local" services to clients from all over the world. Our global design centers in both China and United States provide local services for packaging development and production facilities in Asia deliver products to clients.

International Council of Toy Industries

ONE-STOP PACKAGING SOLUTIONS

From Concepts To Products

Our team of over 40 packaging designers provide design services from packaging concepts to structural engineering and optimization. Our state of the art facilities are equipped with cutting tables, 3D printers and other tools for effective design and mock-up

A close-up photograph of a color calibration target, specifically a G7 Color Master target, which is a grid of numerous small color patches. A black G7 color checker device, featuring a silver cylindrical body and a black top with a white 'G7' logo, is positioned on top of the target. The background is blurred, showing what appears to be a printing press environment.

Consistent Colors

Our professional pre-press and color management team with G7 Color Master certification ensures precise color and consistency

Custom Textures

Voion offers spot UV, foil, stamping or holographic elements that could also be combined to deliver further customized textures for your brand

Book Production

Industrial-leading automatic **folding, binding, stitching** machines
Provides wide selections of books and print products

BOOKS & PRINTED PRODUCTS

Products

- Hard-cover Books
- Binding Books
- Board Books
- Pop-up Books
- Folding Brochures
- Product Hangtag

Product Manuals & QSG

Products

- B&W Manuals
- Full-color Manuals
- Folded Manuals
- Binding Manuals
- Stitched Manuals

Rigid Set-up Boxes Production

Over 80 automatic rigid box production lines
With die-cutting, slotting, wrapping machines

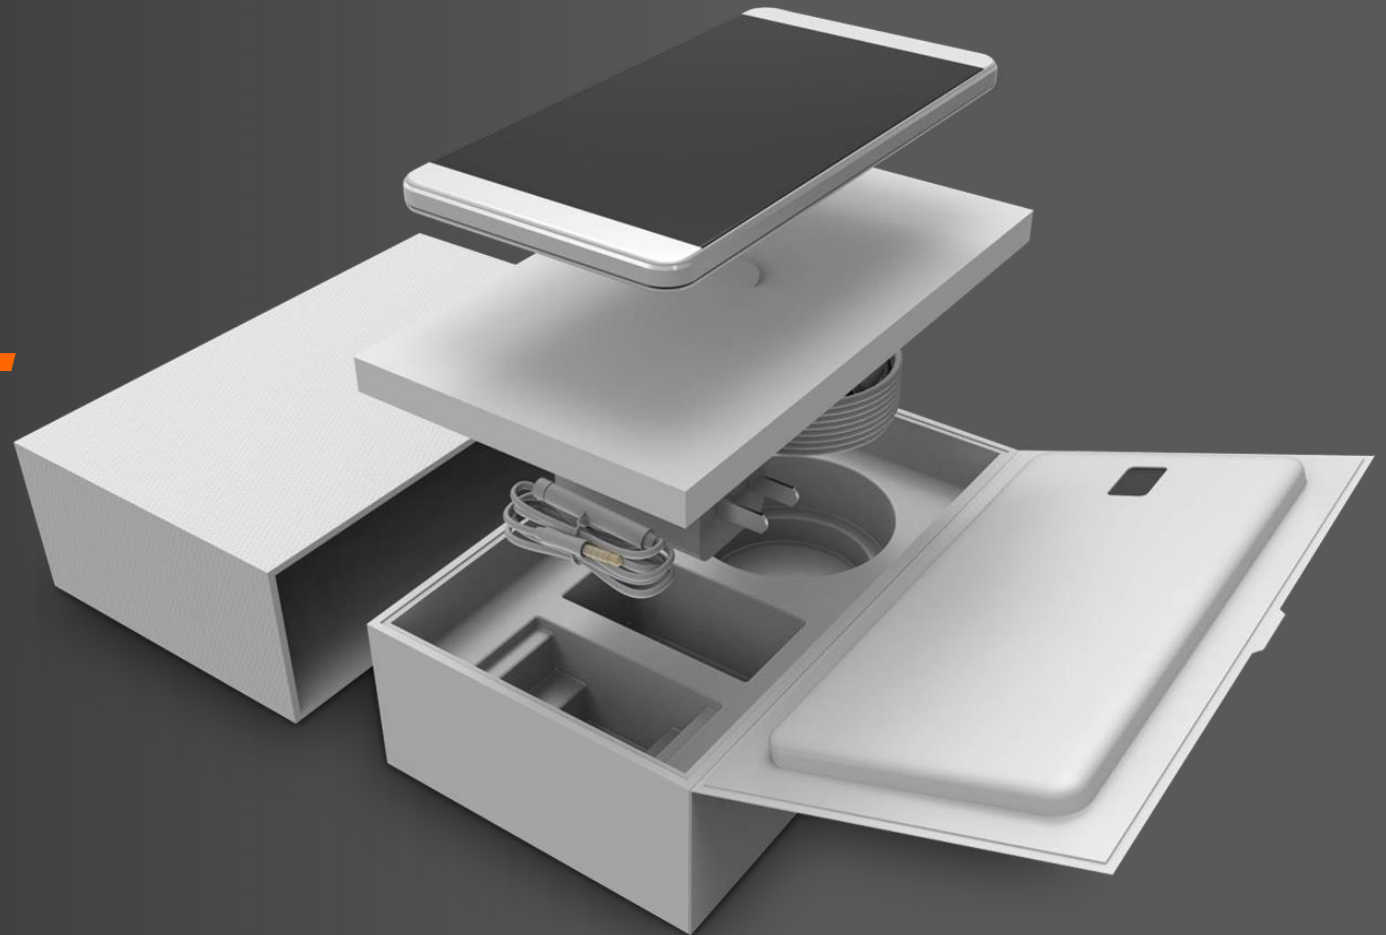

Deliver over **600,000** boxes per day

Rigid Set-up Boxes

Products

- Consumer Electronics
- Alcohol and Wine
- Health and Care
- Jewelry and Gifts
- Foods and Beverage

Folding Box Production

Over 80 automatic rigid box production lines
With die-cutting, slotting, wrapping machines

Deliver over **600,000** boxes per day

Folding Boxes

Products

- Consumer Electronics
- Health and Care
- Foods and Beverage
- FMCG & Retail

Folding Cartons

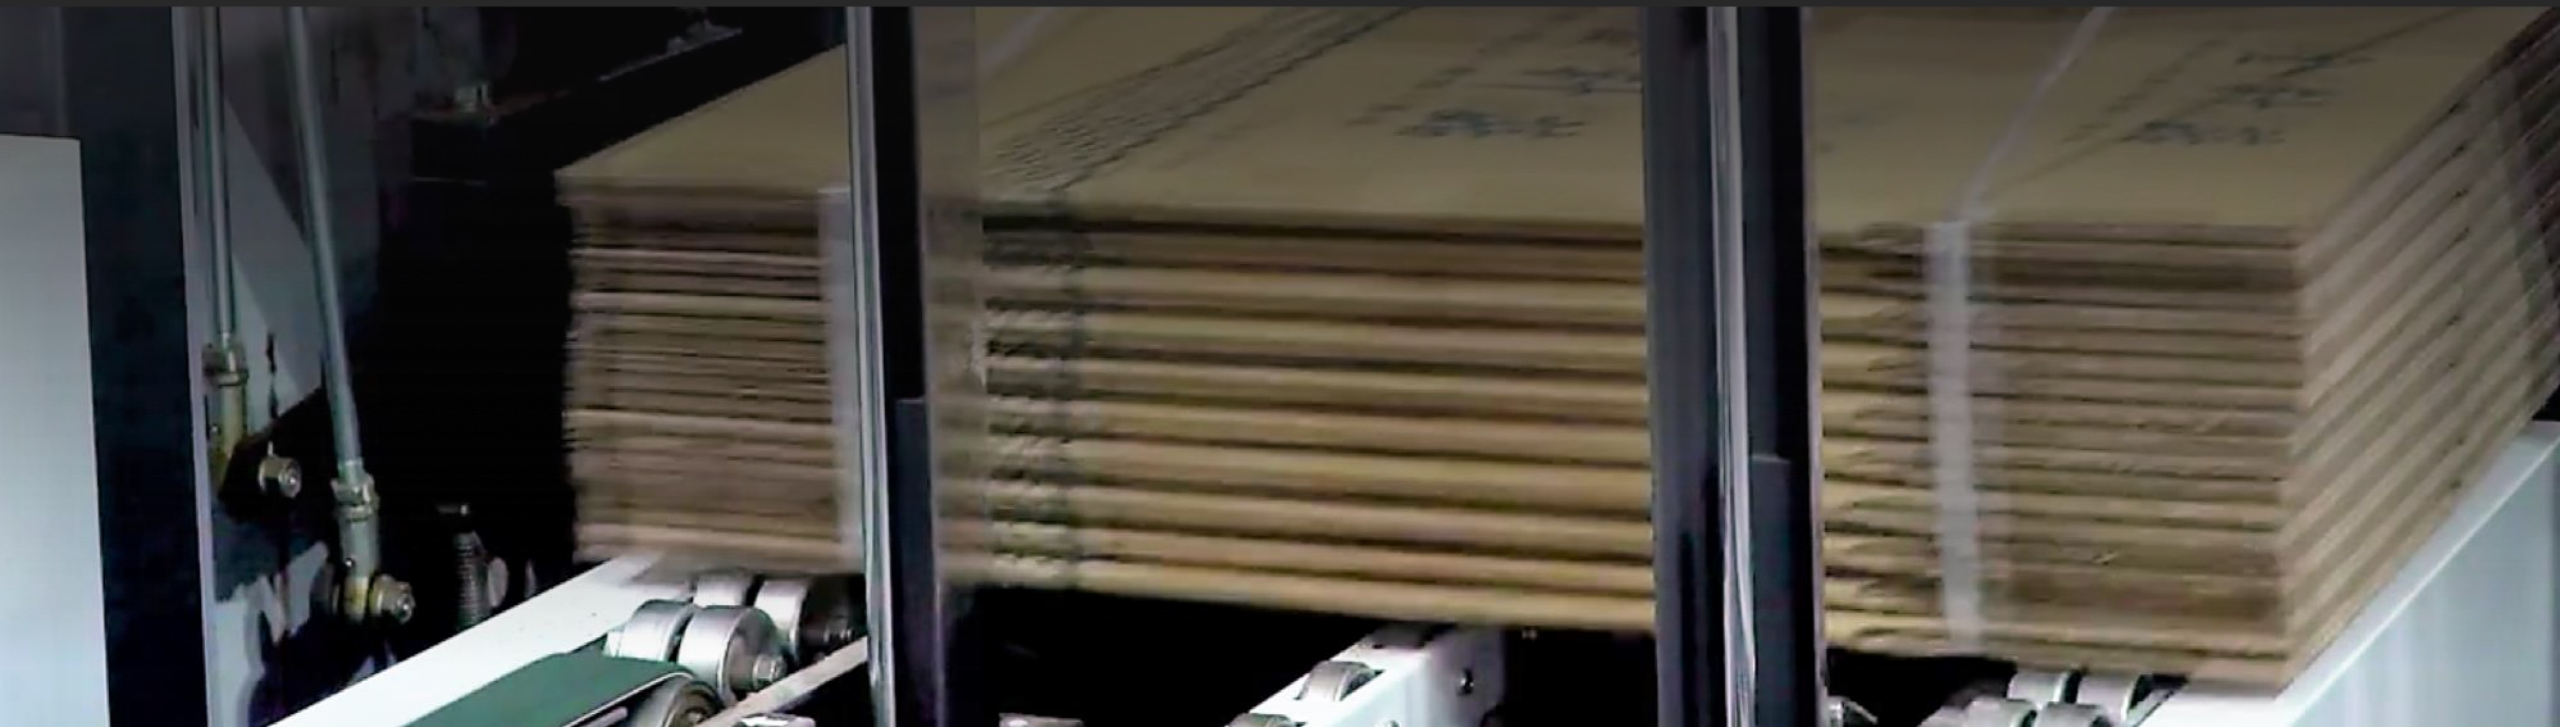

Products

- Consumer Electronics
- PDQ and Display
- Toys
- FMCG & Retail

Corrugated Carton Boxes with Flexographic Printing

Two industry 3.0 production bases
Automatic productions for corrugated sheets, boxes and packing
Producing **900,000** m³ paper sheets and **720,000** boxes per day

Corrugated carton boxes w/ Flexographic printing

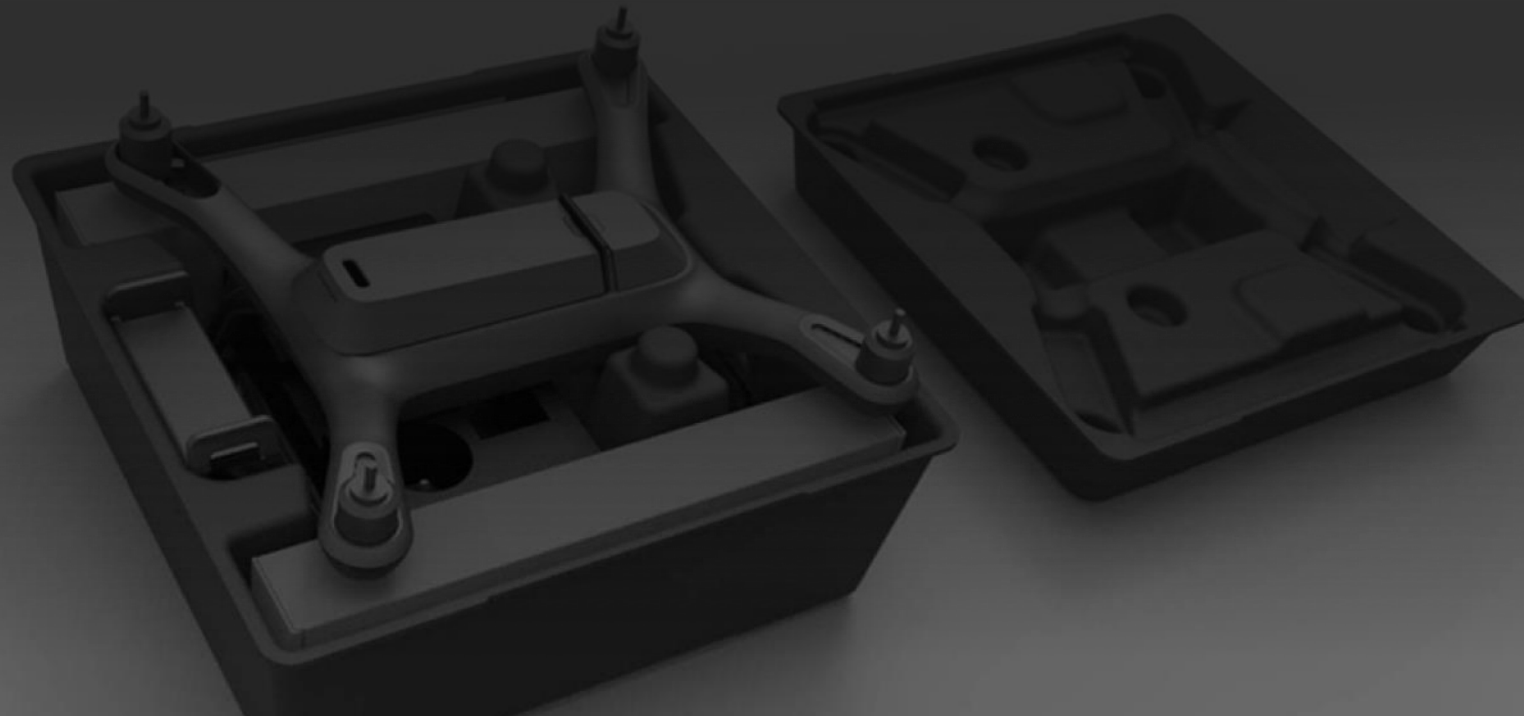

Products

- Consumer Electronics
- Home electronics
- Courier and logistics
- FMCG & Retail
