

HJKB-K2 BREATHING SEPARATION SNORKLING MASK

(Our full face snorkel mask is 2019 new launch with upgraded TWO dry snorkel, yes two snorkels that is exclusive in the market currently, it performs easier breathing and longer dwell time in your adventure under the sea.)

Description

- Born for Free Breathing
 - Inhaled air comes from the 2 tubes
 - Exhaled carbon dioxide goes out on the front of the mask.

- Intuitive comfortable breathing:Natural breathing with the nose or the mouth.

- Leak-proof
 - the high quality silicone pad provides a seal.
 - We uses non-toxic silicone to make a sealing and waterproof area. It has 5 layers of waterproof mechanism, smooth drainage and wears safety, in order to escort you're snorkeling tour.

- Anti-fog:The anti-fog film avoid the apparition of fog on the mask.

- Adjustable tubes: Depending of your swimming, you can change the angle of the 2 tubes.
- Adjustable tightening: Use the elastic strap to tighten and maintain the mask.
